@MINDSET Project

The consortium of partners met on 29th-30th September 2015 at Ellinogermaniki Agogi (School) Athens, Greece to discuss the progress of the project

The teaching Material for the Inclusivity and Diversity Course has been completed and has been uploaded to the E-Learning platform for people to access.

WE NEED YOUR HELP !

Our e-learning course in "Managing Social Relations in Schools" is now complete and we would like you to help us test it.

All you have to do is

1) click on the course
http://gamestech.staffs.ac.uk/mindset/course/index.php

2) Logon as username qatester and Password QAtester1!

3) Pick one Unit and go through it as if you were a student

4) When you find a issue or problem with the course or material fill in a Bug report by clicking onto
http://goo.gl/forms/Vj8REe18HG

5) Keep filling in the Bug Reports (one issue per form) until you have reported all bugs

What the Consortium Will Do Next

Each Partner will be hosting two workshops in their own country. The first workshop will be to introduce the idea of the course to Stakeholders and the second to test the learning material on Teachers.

The Consortium will also run an Intensive Study Programme in March at Staffordshire University in Stoke-on-Trent UK. This will be open to Teachers/ Trainers and other interested individuals from across Europe to study the whole course.

If you are interested in joining these activities join us on our Facebook Page
